Calipatria State Prison does not endorse the listed solemnizers, since they have no knowledge of their quality of service; they have simply been cleared for access to CAL. Brides can also approach their local clergy and ask if they are willing to conduct the marriage at CAL. Besides this list, perspective brides can also do a search for “Wedding Officiants” on the web or yellow pages. CAL does not verify the solemnizer’s credentials, since they are retained by the couple; it is their responsibility to verify credentials. CAL just approves or denies access to CAL. All other solemnizers MUST be approved for access in order to perform a wedding ceremony at CAL.
